

Map Based Search of Dance Sessions

I intend to visit Israel next month. Is there a dance session near Ramat Gan?

Is the dance session in Kiryat Ono close to Tel Aviv?

Where is the dance session in Eilat located? Is that close to the center of Eilat?

Now you will be able to easily find the answers to such questions.

Use the "Search Dance Sessions" page at the Dancers Association web site:

<http://www.harokdim.org/search/choice.php?lang=en> You may filter the results by day, region, city, dance leader, gender etc.

It is recommended to confirm with the instructor before going to the class.

To switch to another session, simply move the mouse over another session indicator.

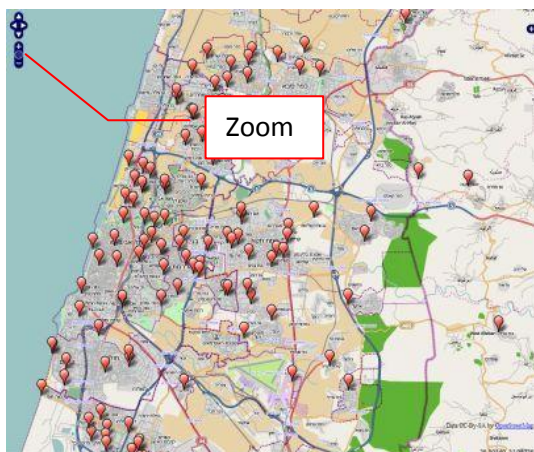

It is simple and easy to use.

You are able to view all the dance sessions in Israel on the map.

(This view may be also accessed directly from the English home page).

You may concentrate on a certain region both dragging the map with the mouse and/or using the zoom buttons. For example, below are the dance sessions near Tel Aviv.

One may zoom to a specific session and get its location with a street map.

We have preserved all former search functions.

You may still receive your information in table format using your chosen filtering criteria, or showing all dance sessions in Israel if no filter was selected.
